An APMC(NSW) Community Day Earth Day, April 22, 2017

Speaker Br. Kevin McDonnell CFC

(Kevin has a doctorate in geology with wide experience in biblical studies, science education and studies in science and religion)

“Each of the interconnected threads in a tapestry contributes to the beautiful pattern of the whole - so too in creation. This has huge implications for how we live on this planet, and for our theology and spirituality. “

The day will be an opportunity to explore some of these threads, along with meditation, lectio divina and a cosmic walk.

10am- 3.30pm Del Monte School Hall Cnr. The Boulevard & Carrington St. Strathfield (walking distance from train station)
